

8.3 Tertiary Industries

Tertiary Industry

- Tertiary industry workers earn their living in retail trade, service-oriented jobs and government
- The largest tertiary industry is the business and personal services industry
- 73.7 % of Canadians work in the Tertiary industry

Tertiary Industry

- Tertiary jobs do not produce any raw materials or goods, instead they provide services.
- While many jobs are unskilled, others such as a teacher or lawyer require training and education

Tertiary Industry: Retail Sector

Retail Sector

- Provides consumers with a wide variety of goods
- Cars, clothes
- **Ribbon Development-** rows of stores side by side on a main street

Tertiary Industry: Retail Sector

- Strip Malls

planned shopping areas are found in newer areas and suburbs

advantage is that they offer free parking and more space for retailers than ribbon developments

Tertiary Industry: Retail Sector

Regional Malls

- Pembroke Mall
- Wide variety of goods and services
- Facilities such as day care, spas and blood donor clinics, restaurants, movie theatres

Big Box Stores

- Large retail stores that offer a huge volume of goods
- Because of size and volume these stores can sell products for less

Tertiary Industry: Retail Sector

- Smaller locally owned stores can not compete with low prices and huge selection offered by the big box stores

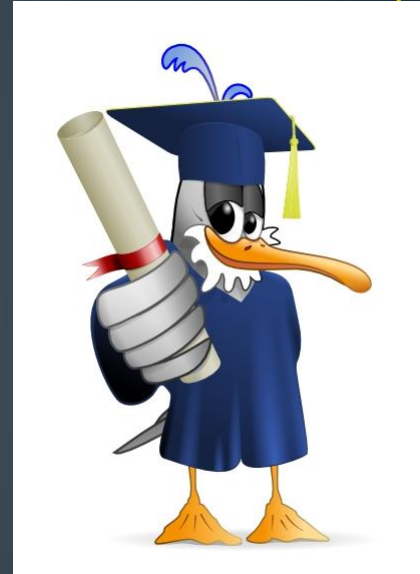

Tertiary Industry: Government Sector

- Federal Government (based in Ottawa) provides services such as:

Tertiary Industry: Government Sector

- Provincial and Territorial government administer:

Tertiary Industry: Government Sector

- Municipal governments look after:

Tertiary Industry: Transportation Sector

- We move large amounts of freight and people around the country
- Shipping
- Railways
- Trucking
- Air
- Public Transit
